GOVERNMENT OF INDIA
COMMUNICATIONS AND INFORMATION TECHNOLOGY
LOK SABHA

UNSTARRED QUESTION NO:389
ANSWERED ON:02.03.2005
AUTOMATED SPECTRUM MANAGEMENT SYSTEM
Saradgi Shri Iqbal Ahmed

Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether the Government has launched an Automated Spectrum Management System with features aimed at optimizing the use of scarce spectrum resources;

(b) if so, the objective thereof; and

(c) the extent to which it is likely to help in achieving the aim?

Answer

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (DR. SHAKEEL AHMAD)

(a) Yes, Sir.

(b) & (c): The objectives of the automated spectrum management system are modernization and computerization of Radio Frequency spectrum management functions for optimising the use of this scarce natural resource, through more effective and efficient frequency assignment and wireless licensing process.
